INDEX TO VOLUME 14

This index covers the issues for 1999, as follows: January, pages 1–72; February, pages 73–144; March, pages 145–210; April, pages 211–266; May, pages 267–326; June, pages 327–394; July, pages 395–460; August, pages 461–530; September, pages 531–590; October, pages 591–650; November, pages 651–710; December, pages 711–796.

Abbreviations for Division Headings are as follows: (OR) Original Article; (BR) Brief Report; (CR) Clinical Review; (FRTP) From Research to Practice; (PER) Perspective; (ED) Editorial; (BOOK) Book Review; (LET) Letter; (REPLY) Reply.

Subjects

Absolute risk; *see* Risk
Academic medical centers
  Are clinician-teachers good for anything other than teaching? (Redelmeier and Shumak), 386(ED)
  The status of the clinicopathologic conference in academic medical centers (Heudebert and McKinney), 60(BR)
Access to health care; *see* Health services accessibility
Acquired immunodeficiency syndrome
  Adherence to combination antiretroviral therapies in HIV patients of low health literacy (Kalichman et al), 267(OR)
  Chinese and U.S. internists adhere to different ethical standards (Feldman et al), 469(OR)
  Risk factors for early hospital readmission in patients with AIDS and pneumonia (Grant et al), 531(OR)
  Surviving the Fall: The Personal Journey of an AIDS Doctor, by Selwyn (Stein), 208(BOOK)
Acute respiratory illness
  Public beliefs and use of antibiotics for acute respiratory illness (Wilson et al), 658(OR)
Adhesives
  Adhesive tape and intravascular-catheter-associated infections (Redelmeier and Livesley), 373(BR)
Adrenergic beta receptor blockaders
  Differences in discharge medication after acute myocardial infarction in patients with HMO and fee-for-service medical insurance (McCormick et al), 73(OR)
Advance directives
  A multimedia intervention on cardiopulmonary resuscitation and advance directives (Yamada et al), 559(OR)
  Practical methods to increase use of advance medical directives (Brown et al), 21(OR)
Advertising
  Direct-to-consumer prescription drug advertising and the public (Bell et al), 651(OR)
  Let (us help) the consumer beware! (Sauder), 705(ED)
African Americans
  Attitudes and beliefs of African Americans toward participation in medical research (Corbie-Smith et al), 537(OR)
  Racial differences in menopause information and the experience of hot flashes (Grisso et al), 98(OR)
  Racial variation in the use of do-not-resuscitate orders (Shepardson et al), 15(OR)
  Smoking status as a vital sign (Ahluwalia et al), 402(OR)
Age factors
  Efficacy of treating hypertension in women (Quan et al), 718(OR)
Aged
  Educational content and the effectiveness of influenza vaccination reminders (Armstrong et al), 695(BR)
  Practical methods to increase use of advance medical directives (Brown et al), 21(OR)
  Psychiatric disorders in older primary care patients (Lyness et al), 249(OR)
  Stroke risk in an elderly population with atrial fibrillation (Feinberg et al), 56(BR)
Agency for Health Care Policy and Research
  Smoking cessation in primary care clinics (Sippel et al), 670(OR)
AHCPR; *see* Agency for Health Care Policy and Research
Allopathic medicine
  Comparison of osteopathic and allopathic medical school's support for primary care (Peters et al), 730(OR)
Alternative medicine
  Dietary supplements: an important component of alternative medicine curricula (Ness and Pan) (LET); (Milan and Landau) (REPLY), 69
Ambulatory care
  Comparing ambulatory preceptors' and students' perceptions of educational planning (Qualters et al), 196(BR)
  A comparison of three health status measures in primary care outpatients (Edelman et al), 759(BR)
  Do physicians spend more time with non-English-speaking patients? (Tocher and Larson), 303(OR)
  Satisfaction with methods of Spanish interpretation in an ambulatory care clinic (Kuo and Fagan), 547(OR)
Angina pectoris
  Exercise testing to predict outcome in patients with angina (Hlatky), 63(ED)
Angiography
  Gender and willingness to undergo invasive cardiac procedures (Saha et al), 122(BR)
Angioplasty, transluminal, percutaneous coronary
  Gender and willingness to undergo invasive cardiac procedures (Saha et al), 122(BR)
Antibiotics
  Let (us help) the consumer beware! (Sauder), 705(ED)
  Physicians' perceptions about managed care restrictions on antibiotic prescribing (Hasty et al), 756(BR)
  Public beliefs and use of antibiotics for acute respiratory illness (Wilson et al), 658(OR)
  The relation between purulent manifestations and antibiotic treatment of upper respiratory tract infections (Gonzales et al), 151(OR)
  Wagging the dog: antibiotic use and the emergence of resistance (Lautenbach and Fishman), 643(ED)
Antiretroviral therapy
  When should we delay highly active antiretroviral therapy? (Bangsberg and Moss), 446(ED)
Antiulcer medications
  Using feedback letters to influence the use of antiulcer agents in a Medicaid program (Raisch and Sleath), 145(OR)
Anxiety
  Screening for undetected mental disorders in high utilizers of primary care services (Lefevre et al), 425(OR)
Appointments and schedules
  Do physicians spend more time with non-English-speaking patients? (Tocher and Larson), 303(OR)
Aspirin
  Differences in discharge medication after acute myocardial infarction in patients with HMO and fee-for-service medical insurance (McCormick et al), 73(OR)
Atrial fibrillation
  Stroke risk in an elderly population with atrial fibrillation (Feinberg et al), 56(BR)
Attitudes
  Awareness, diagnosis, and treatment of depression (Goldman et al), 569(CR)

Change in physician knowledge and attitudes after implementation of a pneumonia practice guideline (Halm et al), 688(OR)
Knowledge, patterns of care, and outcomes of care for generalists and specialists (Harrold et al), 499(CR)
Public beliefs and use of antibiotics for acute respiratory illness (Wilson et al), 658(OR)
Teaching compassion and respect: attending physician's responses to problematic behaviors (Burack et al), 49(OR)
Treating depression in staff-model versus network-model managed care organizations (Meredith et al), 39(OR)
Awards
Off to the left (Gilsdorf), 365
Wet bars and water slides (Nanos), 368

Behavior therapy
Behavioral Medicine in Primary Care: A Practical Guide, by Feldman and Christensen (Schwenk), 70(BOOK)
Beta blockers; *see* Adrenergic beta receptor blockaders
Bias (epidemiology)
Impact of a clinical scenario on accuracy of electrocardiogram interpretation (Hatala et al), 126(BR)
Bioethics
The role of bioethics and business ethics (Eiser et al), S58
Body piercing
Body piercing: medical concerns with cutting-edge fashion (Koenig and Carnes), 379(CR)
Book reviews
Behavioral Medicine in Primary Care: A Practical Guide, by Feldman and Christensen (Schwenk), 70
Communication Teaching Modules for the End-of-Life Educator, by Weissman and Biernat (Arnold and King), 584
Consilience: The Unity of Knowledge, by Wilson (Lynn), 391
False Hopes: Why America's Quest for Perfect Health Is a Recipe for Failure, by Callahan (Geraci), 142
Improving Health Care of the Poor: The New York City Experience, by Ginzberg, Berliner, and Ostow (Fein), 454
Joseph Leidy—The Last Man Who Knew Everything, by Warren (Earnest), 519
The Medical Interview: Mastering Skills for Clinical Practice, by Coulehan and Block (Dubé), 324
Surviving the Fall: The Personal Journey of an AIDS Doctor, by Selwyn (Stein), 208

Calcium channel blockers
Differences in discharge medication after acute myocardial infarction in patients with HMO and fee-for-service medical insurance (McCormick et al), 73(OR)
Cancer; *see* Neoplasms
Cardiac arrest; *see* Heart arrest
Cardiopulmonary resuscitation
A multimedia intervention on cardiopulmonary resuscitation and advance directives (Yamada et al), 559(OR)
Career choice
Influencing career choice during residency (Reynolds), 512(ED)
Carpal tunnel syndrome
Nonoccupational risk factors for carpal tunnel syndrome (Solomon et al), 310(OR)
Case mix; *see* Diagnosis-related groups
Catheterization
Adhesive tape and intravascular-catheter-associated infections (Redelmeier and Livesley), 373(BR)
Cerebrovascular disorders
Benefits and risks of third-generation oral contraceptives (LeBlanc and Laws), 625(CR)
Efficacy of 3-hydroxy-3-methylglutaryl coenzyme A reductase inhibitors for prevention of stroke (Warshafsky et al), 763(CR)
Stroke risk in an elderly population with atrial fibrillation (Feinberg et al), 56(BR)
Chest pain
Weekend and holiday exercise testing in patients with chest pain (Krasuski et al), 10(OR)
China
Chinese and U.S. internists adhere to different ethical standards (Feldman et al), 469(OR)
Cholesterol
Efficacy of 3-hydroxy-3-methylglutaryl coenzyme A reductase inhibitors for prevention of stroke (Warshafsky et al), 763(CR)
Cigarette smoking; *see* Smoking
Cirrhosis; *see* Liver cirrhosis
Clinical clerkship
Rewards and incentives for nonsalaried clinical faculty who teach medical students (Kumar et al), 370(BR)
Clinical competence
Educational and career outcomes of an internal medicine preceptorship for first-year medical students (Elnicki et al), 341(OR)
Clinical decision making; *see* Decision making
Clinical examination
Clinical examination for the detection of protective sensation in the feet of diabetic patients (Smieja et al), 418(OR)
Clinical medicine
A clinic-based mammography intervention targeting inner-city women (Taylor et al), 104(OR)
Clinical practice patterns; *see* Physician's practice patterns
Clinical teaching; *see* Teaching
Clinical trials
Smoking cessation in primary care clinics (Sippel et al), 670(OR)
Clinician teachers
Are clinician-teachers good for anything other than teaching? (Redelmeier and Shumak), 386(ED)
Clinicopathologic conference
The status of the clinicopathologic conference in academic medical centers (Heudebert and McKinney), 60(BR)
Coliform bacilli; *see* Enterobacteriaceae
Collaboration
Challenges in medical education: training physicians to work collaboratively (Ramsbottom-Lucier et al), S21
Colon neoplasms
Patient preferences for colon cancer screening (Pignone et al), 432(OR)
Colorectal neoplasms
Primary care physicians' decisions to perform flexible sigmoidoscopy (Lewis et al), 297(OR)
Communication
Are Latinos less satisfied with communication by health care providers? (Morales et al), 409(OR)
Communication Teaching Modules for the End-of-Life Educator, by Weissman and Biernat (Arnold and King), 584(BOOK)
Differences in clinical communication by gender (Elderkin-Thompson and Waitzkin), 112
Improving physicians' relationships with patients (Clark et al), S45
Physicians and managed care challenges in the new environment (Haidet and Paterniti), 390(LET)
Communication barriers
Impact of language barriers on patient satisfaction in an emergency department (Carrasquillo et al), 82(OR)
Satisfaction with methods of Spanish interpretation in an ambulatory care clinic (Kuo and Fagan), 547(OR)
Community-acquired infections
Validation of the pneumonia severity index: importance of study-specific recalibration (Flanders et al), 333(OR)
Comorbidity
Awareness, diagnosis, and treatment of depression (Goldman et al), 569(CR)
Comprehensive health care
Comprehensive medicine (Huntington), 207(LET)
Conflict of interest
The patient–provider relationship: opportunities as well as problems (Lo), S41
Congestive heart failure; *see* Heart failure, congestive
Consultation; *see* Referral and consultation
Consumer advocacy

Let (us help) the consumer beware! (Sauder), 705(ED)
Contraceptives, oral
Benefits and risks of third-generation oral contraceptives (LeBlanc and Laws), 625(CR)
Coronary angiography
Gender and willingness to undergo invasive cardiac procedures (Saha et al), 122(BR)
Coronary artery bypass
Gender and willingness to undergo invasive cardiac procedures (Saha et al), 122(BR)
Coronary disease
Exercise testing to predict outcome in patients with angina (Hlatky), 63(ED)
Undertreatment of hyperlipidemia in the secondary prevention of coronary artery disease (Majumdar et al), 711(OR)
Using an outcomes-based approach to identify candidates for risk stratification after exercise treadmill testing (Shaw et al), 1(OR)
Corticosteroids
Nonoccupational risk factors for carpal tunnel syndrome (Solomon et al), 310(OR)
Cost-benefit analysis
Weekend and holiday exercise testing in patients with chest pain (Krasuski et al), 10(OR)
Weekend work: balancing competing interests (Tanio), 66(ED)
What outcomes matter to patients? (Sherbourne et al), 357(OR)
Willingness to pay for diagnostic certainty: comparing patients, physicians, and managed care executives (Hirth et al), 193(BR)
Costs and cost analysis
Rewards and incentives for nonsalaried clinical faculty who teach medical students (Kumar et al), 370(BR)
Counseling
Changing physician practice of physical activity counseling (Eckstrom et al), 376(BR)
Smoking status as a vital sign (Ahluwalia et al), 402(OR)
Creative writing
Isis (Rizkalla), 367
Off to the left (Gilsdorf), 365
Wet bars and water slides (Nanos), 368
Cross infection
Adhesive tape and intravascular-catheter-associated infections (Redelmeier and Livesley), 373(BR)
Cross-cultural differences
Chinese and U.S. internists adhere to different ethical standards (Feldman et al), 469(OR)
Cross-cultural medical ethics (Perkins and Hazuda), 778(LET)
Curriculum
Dietary supplements: an important component of alternative medicine curricula (Ness and Pan) (LET); (Milan and Landau) (REPLY), 69
Educational and career outcomes of an internal medicine preceptorship for first-year medical students (Elnicki et al), 341(OR)
Medical education curricula: Where's the beef? (Thomas), 449(ED)
A medicolegal curriculum for internal medicine residents (Kollas and Frey), 441(BR)

Data collection
Erosion in medical students' attitudes about telling patients they are students (Silver-Isenstadt and Ubel), 481(OR)
Evidence-based medicine and the practicing clinician (McAlister et al), 236(OR)
Screening and treatment of diabetic nephropathy by primary care physicians (Kraft et al), 88(OR)
Databases; *see* Information services
Decision analysis; *see* Decision support techniques
Decision making
Effects of information framing on the intentions of family physicians to prescribe long-term hormone replacement therapy (Nikolajevic-Sarunac et al), 591(OR)
End-of-life decision making (Ventres) (LET); (Fischer et al) (REPLY), 68
A multimedia intervention on cardiopulmonary resuscitation and advance directives (Yamada et al), 559(OR)
Patient preferences for colon cancer screening (Pignone et al), 432(OR)
Racial variation in the use of do-not-resuscitate orders (Shepardson et al), 15(OR)
The relation between purulent manifestations and antibiotic treatment of upper respiratory tract infections (Gonzales et al), 151(OR)
Would physicians override a do-not-resuscitate order when a cardiac arrest is iatrogenic? (Casarett et al), 35(OR)
Decision support techniques
Does decision analysis have a race problem? (Baron), 260(ED)
Delivery of health care
Improving the health and health care of non-English-speaking patients (Taira), 322(ED)
Depression
Awareness, diagnosis, and treatment of depression (Goldman et al), 569(CR)
Delays in protease inhibitor use in clinical practice (Fairfield et al), 395(OR)
Depression among high utilizers of medical care (Pearson et al), 461(OR)
Practice guidelines and late-life depression assessment in long-term care (Banazak et al), 438(BR)
Psychiatric disorders in older primary care patients (Lyness et al), 249(OR)
Screening for undetected mental disorders in high utilizers of primary care services (Lefevre et al), 425(OR)
Treating depression in staff-model versus network-model managed care organizations (Meredith et al), 39(OR)
Desogestrel
Benefits and risks of third-generation oral contraceptives (LeBlanc and Laws), 625(CR)
Diabetes mellitus
Clinical examination for the detection of protective sensation in the feet of diabetic patients (Smieja et al), 418(OR)
Nonoccupational risk factors for carpal tunnel syndrome (Solomon et al), 310(OR)
Diabetic foot
Clinical examination for the detection of protective sensation in the feet of diabetic patients (Smieja et al), 418(OR)
Diabetic nephropathies
Screening and treatment of diabetic nephropathy by primary care physicians (Kraft et al), 88(OR)
Diabetic neuropathies
Clinical examination for the detection of protective sensation in the feet of diabetic patients (Smieja et al), 418(OR)
Diagnosis
Variation by specialty in the treatment of urinary tract infection in women (Wigton et al), 491(BR)
Diagnosis-related groups
Methods for analyzing referral patterns (Cowen and Zodet), 474(OR)
Screening for undetected mental disorders in high utilizers of primary care services (Lefevre et al), 425(OR)
Validation of the pneumonia severity index: importance of study-specific recalibration (Flanders et al), 333(OR)
Diagnostic certainty
Willingness to pay for diagnostic certainty: comparing patients, physicians, and managed care executives (Hirth et al), 193(BR)
Diet
Preventive care in chronic liver disease (Riley and Smith), 699(CR)
Dietary supplements
Dietary supplements: an important component of alternative medicine curricula (Ness and Pan) (LET); (Milan and Landau) (REPLY), 69
Disease management
Comprehensive multidisciplinary programs for the management of patients with congestive heart failure (Philbin), 130(CR)
Diskectomy
The relation between expectations and outcomes in surgery for sciatica (Lutz et al), 740(OR)

DNR: *see* Resuscitation orders
Do-not-resuscitate orders: *see* Resuscitation orders
Drug and narcotic control
Direct-to-consumer prescription drug advertising and the public (Bell et al), 651(OR)
Drug resistance
Trimethoprim-sulfamethoxazole resistance among urinary coliform isolates (Wright et al), 606(OR)
Wagging the dog: antibiotic use and the emergence of resistance (Lautenbach and Fishman), 643(ED)
Drug therapy
Medication education of acutely hospitalized older patients (Alibhai et al), 610(OR)
Drug utilization review
Using feedback letters to influence the use of antiulcer agents in a Medicaid program (Raisch and Sleath), 145(OR)
Dyspepsia
Helicobacter pylori in immigrants from East Africa (Wang and Adair), 567(BR)
Willingness to pay for diagnostic certainty: comparing patients, physicians, and managed care executives (Hirth et al), 193(BR)

Ear piercing
Body piercing: medical concerns with cutting-edge fashion (Koenig and Carnes), 379(CR)
Editorial policies: *see* Publishing
Education, medical
Are clinician-teachers good for anything other than teaching? (Redelmeier and Shumak), 386(ED)
Challenges in medical education: training physicians to work collaboratively (Ramsbottom-Lucier et al), S21
Changing physician practice of physical activity counseling (Eckstrom et al), 376(BR)
Communication Teaching Modules for the End-of-Life Educator, by Weissman and Biernat (Arnold and King), 584(BOOK)
Comparing ambulatory preceptors' and students' perceptions of educational planning (Qualters et al), 196(BR)
Erosion in medical students' attitudes about telling patients they are students (Silver-Isenstadt and Ubel), 481(OR)
Experiences and attitudes of residents and students influence voluntary service with homeless populations (O'Toole et al), 211(OR)
Innovations in education and clinical practice (Wright et al), 775(ED)
Medical education curricula: Where's the beef? (Thomas), 449(ED)
A pilot study of peer review in residency training (Thomas et al), 551(OR)
Quantifying physician teaching productivity using clinical relative value units (Yeh and Cahill), 617(OR)
Rewards and incentives for nonsalaried clinical faculty who teach medical students (Kumar et al), 370(BR)
The status of the clinicopathologic conference in academic medical centers (Heudebert and McKinney), 60(BR)
A survival guide for generalist physicians in academic fellowships—Part 1: getting started (Saha et al), 745
A survival guide for generalist physicians in academic fellowships—Part 2: preparing for the transition to junior faculty (Saha et al), 750
Teaching compassion and respect: attending physicians' responses to problematic behaviors (Burack et al), 49(OR)
Educational status
Adherence to combination antiretroviral therapies in HIV patients of low health literacy (Kalichman et al), 267(OR)
Reading between the lines: deciphering the connections between literacy and health (Baker), 315(ED)
Elderly: *see* Aged
Electrocardiography
Exercise testing to predict outcome in patients with angina (Hlatky), 63(ED)
Impact of a clinical scenario on accuracy of electrocardiogram interpretation (Hatala et al), 126(BR)
Emergency medical services
Change in physician knowledge and attitudes after implementation of a pneumonia practice guideline (Halm et al), 688(OR)
Impact of language barriers on patient satisfaction in an emergency department (Carrasquillo et al), 82(OR)
Preferences for sites of care among urban homeless and housed poor adults (O'Toole et al), 599(OR)
Trimethoprim-sulfamethoxazole resistance among urinary coliform isolates (Wright et al), 606(OR)
Employee performance appraisal
Comparing ambulatory preceptors' and students' perceptions of educational planning (Qualters et al), 196(BR)
Quantifying physician teaching productivity using clinical relative value units (Yeh and Cahill), 617(OR)
Employees
Evidence for the Will Rogers phenomenon in migration of employees to managed care plans (Young et al), 564(BR)
End-of-life care
Communication Teaching Modules for the End-of-Life Educator, by Weissman and Biernat (Arnold and King), 584(BOOK)
End-of-life decision making (Ventres) (LET): (Fischer et al) (REPLY), 68
Practical methods to increase use of advance medical directives (Brown et al), 21(OR)
Endowments: *see* Financial management
Enterobacteriaceae
Trimethoprim-sulfamethoxazole resistance among urinary coliform isolates (Wright et al), 606(OR)
Epidemiology
Validation of the pneumonia severity index: importance of study-specific recalibration (Flanders et al), 333(OR)
Estrogen replacement therapy
Effects of information framing on the intentions of family physicians to prescribe long-term hormone replacement therapy (Nikolajevic-Sarunac et al), 591(OR)
Ethnic differences in hormone replacement prescribing patterns (Brown et al), 663(OR)
Ethics
Chinese and U.S. internists adhere to different ethical standards (Feldman et al), 469(OR)
Cross-cultural medical ethics (Perkins and Hazuda), 778(LET)
Erosion in medical students' attitudes about telling patients they are students (Silver-Isenstadt and Ubel), 481(OR)
The role of bioethics and business ethics (Eiser et al), S58
Teaching compassion and respect: attending physicians' responses to problematic behaviors (Burack et al), 49(OR)
Ethnicity
Ethnic differences in hormone replacement prescribing patterns (Brown et al), 663(OR)
Evidence-based medicine
Evidence-based medicine and the practicing clinician (McAlister et al), 236(OR)
Money and mission? Addressing the barriers to evidence-based medicine (Poses), 262(ED)
Exercise
Changing physician practice of physical activity counseling (Eckstrom et al), 376(BR)
Exercise test
Exercise testing to predict outcome in patients with angina (Hlatky), 63(ED)
Using an outcomes-based approach to identify candidates for risk stratification after exercise treadmill testing (Shaw et al), 1(OR)
Weekend and holiday exercise testing in patients with chest pain (Krasuski et al), 10(OR)
Expectations
The relation between expectations and outcomes in surgery for sciatica (Lutz et al), 740(OR)

Faculty, medical
Quantifying physician teaching productivity using clinical relative value units (Yeh and Cahill), 617(OR)
Rewarding teaching faculty with a reimbursement plan (Rouan et al), 327(OR)

Rewards and incentives for nonsalaried clinical faculty who teach medical students (Kumar et al), 370(BR)
Faculty development; *see* Staff development
Family
Chinese and U.S. internists adhere to different ethical standards (Feldman et al), 469(OR)
Marital and parental satisfaction of married physicians with children (Warde et al), 157(OR)
Feedback
Improving pneumococcal vaccine rates: nurse protocols versus clinical reminders (Rhew et al), 351(OR)
Using feedback letters to influence the use of antiulcer agents in a Medicaid program (Raisch and Sleath), 145(OR)
Fee-for-service; *see* Fees, medical
Fees, medical
Differences in discharge medication after acute myocardial infarction in patients with HMO and fee-for-service medical insurance (McCormick et al), 73(OR)
Managed care and quality of care (Krumholz), 136(ED)
Fellowships and scholarships
A survival guide for generalist physicians in academic fellowships—Part 1: getting started (Saha et al), 745
A survival guide for generalist physicians in academic fellowships—Part 2: preparing for the transition to junior faculty (Saha et al), 750
Financial management
Financial incentives: current realities and challenges for physicians (Gold), S6
Money and mission? Addressing the barriers to evidence-based medicine (Poses), 262(ED)
Philanthropic endowments in general internal medicine (Murden and Lamb), 255(BR)
Rewarding teaching faculty with a reimbursement plan (Rouan et al), 327(OR)
Follow-up studies
The role of patients and providers in the timing of follow-up visits (Welch et al), 223(OR)
Setting the revisit interval in primary care (Schwartz et al), 230(OR)
Foot ulcer
Clinical examination for the detection of protective sensation in the feet of diabetic patients (Smieja et al), 418(OR)
Forecasting
Statistically derived predictive models caveat emptor (Iezzoni), 388(ED)
Fund raising
Philanthropic endowments in general internal medicine (Murden and Lamb), 255(BR)
Funding; *see* Financial management

Gatekeepers; *see* Referral and consultation
Gender; *see* Sex
Generalists; *see* Physicians
Gowning
Impact of gowning on visit length (Meit et al), 141(LET)
Guidelines
Undertreatment of hyperlipidemia in the secondary prevention of coronary artery disease (Majumdar et al), 711(OR)

Health care costs
Comprehensive multidisciplinary programs for the management of patients with congestive heart failure (Philbin), 130(CR)
The timing of do-not-resuscitate orders and hospital costs (De Jonge et al), 190(BR)
Weekend work: balancing competing interests (Tanio), 66(ED)
Health maintenance organizations
Differences in discharge medication after acute myocardial infarction in patients with HMO and fee-for-service medical insurance (McCormick et al), 73(OR)
Financial incentives: current realities and challenges for physicians (Gold), S6
Managed care and quality of care (Krumholz), 136(ED)
Health planning guidelines
Impact of new guidelines on physicians' ordering of preoperative tests (Mancuso), 166(OR)
Health promotion
Changing physician practice of physical activity counseling (Eckstrom et al), 376(BR)
Health services accessibility
Awareness, diagnosis, and treatment of depression (Goldman et al), 569(CR)
The influence of gatekeeping and utilization review on patient satisfaction (Kerr et al), 287(OR)
Preferences for sites of care among urban homeless and housed poor adults (O'Toole et al), 599(OR)
Health services research
Care of patients with failing hearts: evidence for failures in clinical practice and health services research (Ashton), 138(ED)
Comprehensive multidisciplinary programs for the management of patients with congestive heart failure (Philbin), 130(CR)
Dual use of VA and non-VA primary care (Borowsky and Cowper), 274(OR)
Health status
A comparison of three health status measures in primary care outpatients (Edelman et al), 759(BR)
Health utility scores
A comparison of three health status measures in primary care outpatients (Edelman et al), 759(BR)
Racial differences in patients' perceptions of debilitated health states (Cykert et al), 217(OR)
Heart arrest
Would physicians override a do-not-resuscitate order when a cardiac arrest is iatrogenic? (Casarett et al), 35(OR)
Heart failure
Care of patients with failing hearts: evidence for failures in clinical practice and health services research (Ashton), 138(ED)
Heart failure, congestive
Comprehensive multidisciplinary programs for the management of patients with congestive heart failure (Philbin), 130(CR)
Helicobacter pylori
Helicobacter pylori in immigrants from East Africa (Wang and Adair), 567(BR)
Hepatitis
Preventive care in chronic liver disease (Riley and Smith), 699(CR)
High utilizers
Depression among high utilizers of medical care (Pearson et al), 461(OR)
Screening for undetected mental disorders in high utilizers of primary care services (Lefevre et al), 425(OR)
Hispanic Americans
Are Latinos less satisfied with communication by health care providers? (Morales et al), 409(OR)
Impact of language barriers on patient satisfaction in an emergency department (Carrasquillo et al), 82(OR)
Satisfaction with methods of Spanish interpretation in an ambulatory care clinic (Kuo and Fagan), 547(OR)
HIV
Adherence to combination antiretroviral therapies in HIV patients of low health literacy (Kalichman et al), 267(OR)
Chinese and U.S. internists adhere to different ethical standards (Feldman et al), 469(OR)
Delays in protease inhibitor use in clinical practice (Fairfield et al), 395(OR)
Surviving the Fall: The Personal Journey of an AIDS Doctor, by Selwyn (Stein), 208(BOOK)
HMG CoA reductases; *see* Hydroxymethylglutaryl CoA reductases
HMO; *see* Health maintenance organizations
Homeless persons
Preferences for sites of care among urban homeless and housed poor adults (O'Toole et al), 599(OR)
Service learning in a homeless clinic (Fournier), 258(ED)
Hormone replacement therapy; *see* Estrogen replacement therapy

Hospital readmission; *see* Patient readmission
Hospitalists
Hospitalists and 'officists': preparing for the future of general internal medicine (Bryant), 182
Hospitalists and officists (Smith), 518(LET)
Hospitalization
Epidemiology of syncope in hospitalized patients (Getchell et al), 677(OR)
Hospitals, teaching
Are clinician-teachers good for anything other than teaching? (Redelmeier and Shumak), 386(ED)
Hot flashes
Racial differences in menopause information and the experience of hot flashes (Grisso et al), 98(OR)
Human immunodeficiency virus; *see* HIV
Humanism
A pilot study of peer review in residency training (Thomas et al), 551(OR)
Hydroxymethylglutaryl CoA reductases
Efficacy of 3-hydroxy-3-methylglutaryl coenzyme A reductase inhibitors for prevention of stroke (Warshafsky et al), 763(CR)
HMG coenzyme A reductase inhibitors: good news and bad news (Klag), 777(ED)
Hyperlipidemia
Undertreatment of hyperlipidemia in the secondary prevention of coronary artery disease (Majumdar et al), 711(OR)
Hypertension
Efficacy of treating hypertension in women (Quan et al), 718(OR)

Iatrogenic disease
Would physicians override a do-not-resuscitate order when a cardiac arrest is iatrogenic? (Casarett et al), 35(OR)
Immigrants
Helicobacter pylori in immigrants from East Africa (Wang and Adair), 567(BR)
Immunization
Preventive care in chronic liver disease (Riley and Smith), 699(CR)
Indemnity insurance plans
Evidence for the Will Rogers phenomenon in migration of employees to managed care plans (Young et al), 564(BR)
Indigent care; *see* Medically underserved area

The timing of do-not-resuscitate orders and hospital costs (De Jonge et al), 190(BR)
Would physicians override a do-not-resuscitate order when a cardiac arrest is iatrogenic? (Casarett et al), 35(OR)
Revisits
The role of patients and providers in the timing of follow-up visits (Welch et al), 223(OR)
Setting the revisit interval in primary care (Schwartz et al), 230(OR)
Risk
Effects of information framing on the intentions of family physicians to prescribe long-term hormone replacement therapy (Nikolajevic-Sarunac et al), 591(OR)
The effects of information framing on the practices of physicians (McGettigan et al), 633(CR)
Nonoccupational risk factors for carpal tunnel syndrome (Solomon et al), 310(OR)
Risk factors for early hospital readmission in patients with AIDS and pneumonia (Grant et al), 531(OR)
Stroke risk in an elderly population with atrial fibrillation (Feinberg et al), 56(BR)
Survival analysis for cardiac risk stratification (Nicolaidis and Johnston) (LET); (Shaw et al) (REPLY), 451

Safety
Direct-to-consumer prescription drug advertising and the public (Bell et al), 651(OR)
Schools, medical
Comparison of osteopathic and allopathic medical school's support for primary care (Peters et al), 730(OR)
Sciatica
The relation between expectations and outcomes in surgery for sciatica (Lutz et al), 740(OR)
Screening
Clinical examination for the detection of protective sensation in the feet of diabetic patients (Smieja et al), 418(OR)
Depression among high utilizers of medical care (Pearson et al), 461(OR)
Patient preferences for colon cancer screening (Pignone et al), 432(OR)
Secondary prevention
Undertreatment of hyperlipidemia in the secondary prevention of coronary artery disease (Majumdar et al), 711(OR)
Service learning; *see* Voluntary workers
Severity of illness index
Statistically derived predictive models caveat emptor (Iezzoni), 388(ED)
Sex
Differences in clinical communication by gender (Elderkin-Thompson and Waitzkin), 112
Gender and willingness to undergo invasive cardiac procedures (Saha et al), 122(BR)
Primary care physicians' decisions to perform flexible sigmoidoscopy (Lewis et al), 297(OR)
Shared decision making
Patient preferences for colon cancer screening (Pignone et al), 432(OR)
Sigmoidoscopy
Primary care physicians' decisions to perform flexible sigmoidoscopy (Lewis et al), 297(OR)
Smoking
Smoking status as a vital sign (Ahluwalia et al), 402(OR)
Smoking cessation
Smoking cessation in primary care clinics (Sippel et al), 670(OR)
Smoking status as a vital sign (Ahluwalia et al), 402(OR)
Social health
What outcomes matter to patients? (Sherbourne et al), 357(OR)
Social marketing; *see* Marketing of health services
Specialties, medical
Beyond us versus them (Klempner), 514(ED)
Challenges in medical education: training physicians to work collaboratively (Ramsbottom-Lucier et al), S21
The good (gatekeeper), the bad (gatekeeper), and the ugly (situation) (Laine and Turner), 320(ED)
The influence of gatekeeping and utilization review on patient satisfaction (Kerr et al), 287(OR)
Knowledge, patterns of care, and outcomes of care for generalists and specialists (Harrold et al), 499(CR)
The next generation of research in provider optimization (Greenfield), 516(ED)
Principles of generalist–specialist relationships (Pearson), S13
Reasons for outpatient referrals from generalists to specialists (Donohoe et al), 281(OR)
Residency application statements can predict postresidency training (Adams et al), 488(BR)
Specialization by practice location (Fihn), 205(ED)
Variation by specialty in the treatment of urinary tract infection in women (Wigton et al), 491(BR)
Spirometry
Smoking cessation in primary care clinics (Sippel et al), 670(OR)
Staff development
Comparing ambulatory preceptors' and students' perceptions of educational planning (Qualters et al), 196(BR)
Standing orders
Improving pneumococcal vaccine rates: nurse protocols versus clinical reminders (Rhew et al), 351(OR)
Statins
Efficacy of 3-hydroxy-3-methylglutaryl coenzyme A reductase inhibitors for prevention of stroke (Warshafsky et al), 763(CR)
Streptococcus pneumoniae
Improving pneumococcal vaccine rates: nurse protocols versus clinical reminders (Rhew et al), 351(OR)
Stress, psychological
Marital and parental satisfaction of married physicians with children (Warde et al), 157(OR)
Stroke; *see* Cerebrovascular disorders
Student loans; *see* Training support
Students, medical
Educational and career outcomes of an internal medicine preceptorship for first-year medical students (Elnicki et al), 341(OR)
Erosion in medical students' attitudes about telling patients they are students (Silver-Isenstadt and Ubel), 481(OR)
Suppuration
The relation between purulent manifestations and antibiotic treatment of upper respiratory tract infections (Gonzales et al), 151(OR)
Surveys; *see* Data collection
Survival analysis
Survival analysis for cardiac risk stratification (Nicolaidis and Johnston) (LET); (Shaw et al) (REPLY), 451
Syncope
Epidemiology of syncope in hospitalized patients (Getchell et al), 677(OR)

Teaching
Are clinician-teachers good for anything other than teaching? (Redelmeier and Shumak), 386(ED)

Communication Teaching Modules for the End-of-Life Educator, by Weissman and Biernat (Arnold and King), 584(BOOK)
Comparing ambulatory preceptors' and students' perceptions of educational planning (Qualters et al), 196(BR)
Quantifying physician teaching productivity using clinical relative value units (Yeh and Cahill), 617(OR)
Rewarding teaching faculty with a reimbursement plan (Rouan et al), 327(OR)
Rewards and incentives for nonsalaried clinical faculty who teach medical students (Kumar et al), 370(BR)
The status of the clinicopathologic conference in academic medical centers (Heudebert and McKinney), 60(BR)
A survival guide for generalist physicians in academic fellowships—Part 1: getting started (Saha et al), 745
A survival guide for generalist physicians in academic fellowships—Part 2: preparing for the transition to junior faculty (Saha et al), 750
Terminal care
The timing of do-not-resuscitate orders and hospital costs (De Jonge et al), 190(BR)
Thromboembolism
Benefits and risks of third-generation oral contraceptives (LeBlanc and Laws), 625(CR)
Thyroid diseases
Nonoccupational risk factors for carpal tunnel syndrome (Solomon et al), 310(OR)
Time and motion studies
Do physicians spend more time with non-English-speaking patients? (Tocher and Larson), 303(OR)
Time management
Time and the patient–physician relationship (Dugdale et al), S34
Training programs; *see* Education
Training support
Student loan debt does not predict choosing a primary care specialty for U.S. women physicians (Frank and Feinglass), 347(OR)
Translating
Do physicians spend more time with non-English-speaking patients? (Tocher and Larson), 303(OR)
Trauma; *see* Wounds and injuries
Treadmill test; *see* Exercise test
Treatment
Efficacy of treating hypertension in women (Quan et al), 718(OR)
Undertreatment of hyperlipidemia in the secondary prevention of coronary artery disease (Majumdar et al), 711(OR)
Treatment outcome
Knowledge, patterns of care, and outcomes of care for generalists and specialists (Harrold et al), 499(CR)
The relation between expectations and outcomes in surgery for sciatica (Lutz et al), 740(OR)
Triage
Change in physician knowledge and attitudes after implementation of a pneumonia practice guideline (Halm et al), 688(OR)
Trimethoprim-sulfamethoxazole combination
Trimethoprim-sulfamethoxazole resistance among urinary coliform isolates (Wright et al), 606(OR)
Wagging the dog: antibiotic use and the emergence of resistance (Lautenbach and Fishman), 643(ED)
Trust
Attitudes and beliefs of African Americans toward participation in medical research (Corbie-Smith et al), 537(OR)
Turfing
Turfing: patients in the balance (Stern and Caldicott), 243(OR)
Type 1 diabetes; *see* Diabetes mellitus

United States Department of Veterans Affairs
Does the VA provide "primary" primary care? (Petersen and Wright), 318(ED)
Upper respiratory infections; *see* Respiratory tract infections
Urban health
A clinic-based mammography intervention targeting inner-city women (Taylor et al), 104(OR)
Smoking status as a vital sign (Ahluwalia et al), 402(OR)
Urban population
Educational content and the effectiveness of influenza vaccination reminders (Armstrong et al), 695(BR)
Urinary tract infections
Trimethoprim-sulfamethoxazole resistance among urinary coliform isolates (Wright et al), 606(OR)
Variation by specialty in the treatment of urinary tract infection in women (Wigton et al), 491(BR)
Utilization
Depression among high utilizers of medical care (Pearson et al), 461(OR)
Evidence for the Will Rogers phenomenon in migration of employees to managed care plans (Young et al), 564(BR)
Methods for analyzing referral patterns (Cowen and Zodet), 474(OR)
Utilization review
Dual use of VA and non-VA primary care (Borowsky and Cowper), 274(OR)
The influence of gatekeeping and utilization review on patient satisfaction (Kerr et al), 287(OR)

Vaccines
Educational content and the effectiveness of influenza vaccination reminders (Armstrong et al), 695(BR)
Improving pneumococcal vaccine rates: nurse protocols versus clinical reminders (Rhew et al), 351(OR)
Values
Turfing: patients in the balance (Stern and Caldicott), 243(OR)
What outcomes matter to patients? (Sherbourne et al), 357(OR)
Veterans
Does the VA provide "primary" primary care? (Petersen and Wright), 318(ED)
Dual use of VA and non-VA primary care (Borowsky and Cowper), 274(OR)
Validation of a trauma questionnaire in veteran women (McIntyre et al), 186(BR)
Videotape recording
Practical methods to increase use of advance medical directives (Brown et al), 21(OR)
Vital signs
Smoking status as a vital sign (Ahluwalia et al), 402(OR)
Voluntary workers
Experiences and attitudes of residents and students influence voluntary service with homeless populations (O'Toole et al), 211(OR)
Service learning in a homeless clinic (Fournier), 258(ED)

Walking
Leg symptoms, the ankle-brachial index, and walking ability in patients with peripheral arterial disease (McDermott et al), 173(OR)
Women
A clinic-based mammography intervention targeting inner-city women (Taylor et al), 104(OR)
Efficacy of treating hypertension in women (Quan et al), 718(OR)
Ethnic differences in hormone replacement prescribing patterns (Brown et al), 663(OR)
Student loan debt does not predict choosing a primary care specialty for U.S. women physicians (Frank and Feinglass), 347(OR)
Validation of a trauma questionnaire in veteran women (McIntyre et al), 186(BR)
Variation by specialty in the treatment of urinary tract infection in women (Wigton et al), 491(BR)
Wounds and injuries
Validation of a trauma questionnaire in veteran women (McIntyre et al), 186(BR)
